WET-AGED STEAKS

Cooked at 800° in the original Southbend broiler -
as used in top steakhouses in New York.

More than 90 percent of the meat available in stores is wet aged, also known as classic aged. In this process, the cuts are removed from the bone and vacuum-sealed immediately after slaughter. The meat then matures without oxygen for about two to three weeks, usually in a dark environment. This method ensures even aging and preserves the meat's natural moisture, making it especially juicy. Wet-aged meat is the standard in most butcher shops and markets.

ORDERING PROCESS

1. CHOOSE YOUR STEAK FROM THE FOLLOWING CATTLE:

- BAVARIAN OX FROM ISMANING

Our ox meat comes from the municipal farm Karlshof in Ismaning, just 5 km away. The animals are raised in humane conditions in airy, straw-bedded stalls. They are exclusively fed with their own and regional feed. Due to a balanced diet with a high fiber content, the oxen grow more slowly, developing a particularly fine-grained and marbled meat. These animals are well-known for the ox roasting at Oktoberfest. The dry-aged beef from the Ismaning ox is available exclusively at our establishment – a true rarity for meat lovers.

- OLD “GRANNY” COW

This special meat comes from a cow that is at least 12 years old, raised in the “Munich Speckgürtel” region. After a long and valuable life as a dairy cow, the beef develops a particularly intense flavor, which is enhanced by a six-week aging process in our aging chamber. This rarer cut of meat, combined with dry aging, is one of our specialties and offers an extraordinary tasting experience – a true delight for connoisseurs.

- ALM OX, DEXTER ORGANIC BEEF & WAGYU EMMERING WESTERBERGER (Rotating)

Whether it's Alm Ox, Dexter organic beef, or Wagyu Emmering Westerberger – our cattle are raised on local meadows and alpine pastures, where they grow slowly, are kept in a species-appropriate manner, and are guaranteed to be fed without genetic engineering. Thanks to their natural diet of lush grasses and aromatic herbs, they develop fine marbling and a rich yet tender flavor over approximately 26 months. Our Dexter organic cattle, in particular – a small and exclusive breed – come from a personally known, small-scale breeder and enjoy an exceptionally good life. With every portion, you not only support sustainable farming and ethical husbandry but also contribute to the preservation of nature. A pleasure with a clear conscience!
